

PRODUCT SPECIFICATION CLAUSE

HCB86CE HERALD FLOOR STANDING GAS FIRED CONDENSING BOILER

The **Boiler** shall be a **Lochinvar Herald HCB86CE floor standing condensing gas boiler** with a stainless steel heat exchanger, and A rated high efficiency primary shunt pump. The Boiler shall be equipped with electronic ignition, ionisation control and a fully modulating burner all controlled by a microprocessor. The stainless steel Alcomesh burner is designed to provide continuous modulation from 100% to 20% by controlling the gas/air ratio, with low emissions of NOx and CO₂.

Specifications shall be as follows:-

- Gross nominal input of 83.5kW (75.2kW net)
- CE Certified with a Part L2 Seasonal Efficiency of 95.6%
- NOx emissions of Class 6 and no more than 34.4mg/kWh at 0% O₂
- 10 year warranty on heat exchanger
- Integral Smart system control featuring as standard:
 - Cascade control
 - Weather compensation
 - Boiler status in words not code
 - Primary shunt pump speed control
 - DHW Vessel and shunt pump control

CON-X-US (Delete if not fitted)

The boiler shall be equipped with a remote monitoring App allowing remote connection via WI-FI or Ethernet cable. The App shall be freely available via any smartphone without monthly fee. The App shall allow the following functions:

- Remote monitoring of boiler and system status
- Remote changes to boiler and system settings
- Email or text notification of blocking and lockout faults
- Email or text notification of service due

Ancillaries (delete as required)

- Condensate neutralisation kit

Flue Installation (delete as required)

- Concentric balanced flue
- Parallel twin pipe balanced flue
- Conventional flue
- To be advised

In addition to the Part L, data above the boiler shall have an ErP rating as below:

Seasonal space heating energy efficiency – 94%

Energy Label Rating

N/A
