

PRODUCT SPECIFICATION CLAUSE

ECOCHARGER ECH33-370GCE GAS FIRED CONDENSING WATER HEATER

The **Water Heater** shall be a **Lochinvar EcoCharger MODEL ECH33-370GCE** complete with an integral storage vessel constructed of durable enamelled steel, and equipped with electronic ignition, ionisation flame monitoring and a fully modulating burner all controlled by a micro-processor. The mesh burner is designed to provide continuous modulation by controlling the gas/air ratio, and low emissions of NO_x and CO₂. A standard Correx™ electrical anode protection system is built in to provide extra protection to the inner surface of the storage vessel.

Specifications shall be as follows:-

- Gross nominal input of 33.9kW (30.5kW net) and a hot water recovery rate of 570 litres per hour at a 50°C temperature rise
- CE Certified with a Part L2 Gross CV Efficiency of 98%
- NO_x emissions of no more than 52mg/kWh at 0% O₂
- Ultra quiet burner operation <45db
- Integral Legionella cycle within the control

Integral features shall include time and temperature control, appliance history, pump control and anti-legionella pasteurisation.

Flue Installation (delete as appropriate)

- Concentric balanced flue
- Parallel twin pipe balanced flue
- Conventional flue
- To be advised
